About the conference and Luleå

The 15th Nordic Steel Construction Conference is jointly organized by The Swedish Institute of Steel Construction (SBI) and Lulea university of technology (LTU).

The conference venue is Kulturens Hus, in the very center of the city of Luleå.

Luleå is a unique destination situated just 150 km south of the Arctic Circle. This will allow visitors to travel further north and experience the breathtaking phenomenon of the midnight sun in the Swedish Lapland.
